January 2023 Programs

STEAM Club

Explore science, technology, engineering, art and math during STEAM Club! This month we will be engineers, building marshmallow igloos, create our very own electric art spinner, and conduct an investigation to determine whether the mixing of two or more substances results in a new substance!

Movie Night! Isn't that movie a book?

Families can join us for a well loved series of books turned to a movie!

January 5:

Diary of a Wimpy Kid
Snacks provided!

Dungeons & Dragons

Calling all adventurers! Join our new D&D campaign once a month on Thursday to visit new worlds and complete fantastical quests without ever leaving your chair!

Enjoy Antoine de Saint-Exupéry's classic, *The Little Prince*.

Sensory Sensitive Storytime

Wednesday, January 18, at 2:00 pm

This will be a quiet, calm version of Storytime for children who are sensitive to loud noises and bright lights. Sensory Sensitive Storytime will include a book read to children quietly, with space for children to explore the room on their own terms.
